

## **Worksheet: Analysing and aligning organisational systems**

This worksheet will help you to plan how to align your systems to better achieve your social goals. It gives you space to analyse the each system, identify issues/gaps in relation to your social goals, and identify possible steps to improve alignment.

### **Aligning organisational systems**

***Social objective:***

**What system(s) or feature need(s) to be aligned?**

**What are the issues/gaps in your current systems that limit achievement of your social goals?**

**How can existing systems be improved?**
